YELLOW SUBMARINE

```
     G              C
In the town where I was born
       A7              D
Lived a man who sailed to sea.
       G          C
And he told us of his life
       A7         D
In the land of submarines.
       G            C
So we sailed up to the sun
       A7             D
Till we found the sea of green.
       G              C
And we lived beneath the waves
       A7            D /// //// (strident)
In our yellow submarine.

       G            D
   We all live in a yellow submarine
                        G
   Yellow submarine, yellow submarine
                   D
   We all live in a yellow submarine
                        G
   Yellow submarine, yellow submarine

       G              C
And our friends are all on board,
      A7                  D
Many more of them live next door.
       G            C
And the band begins to play.
       A7                        D /// //// (strident)
Boom, boom boom boom, boom boom boom
```
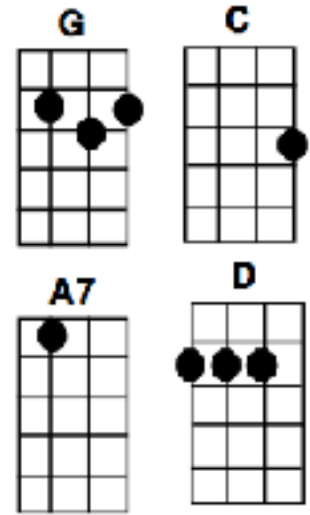

(Chorus)

```
       G          C
And we live a life of ease.
       A7               D
Everyone of us has all we need.
       G                      C
Sky of blue, [sky of blue!] and sea of green [sea of green!]
       A7          D /// //// (strident)
In our yellow submarine.
```

(Chorus three times fade to end)
