# Singing the Blues

```
      C                    F7
Well I never felt more like singin' the blues
      C                        F  F#   G
'Cause I never thought that I'd ever lose
      C        G7                   C     G7
Your love dear,     why'd you do me this way?

      C                    F7
Well I never felt more like cryin' all night
      C                        F       F#  G
'Cause everything's wrong and nothin' ain't right
      C       G7                    C      C7
Without you,    you got me singin' the blues.

      F                    C      C7
The moon and stars no longer shine
      F              C            C7
The dream is gone I thought was mine
         F           C
There's nothin' left for me to do
      G7
But cry-y-y-y over you.

      C                    F7
Well I never felt more like runnin' away
      C                       F  F#      G
But why should I go 'cause I  couldn't stay
      C       G7                   C      C7
Without you, you got me singin' the blues.
